# About Our Noodles

Our noodles are custom-made by Kobayashi Noodle Factory.  
Each noodle is designed to match our ramen soup.

## ◀ Sapporo V Spec (for White Miso and Vegetable)

No Egg added. This noodle is based on classic Sapporo ramen type noodle.  
Firm bite and taste. The flavorful Miso soup base is the perfect match.

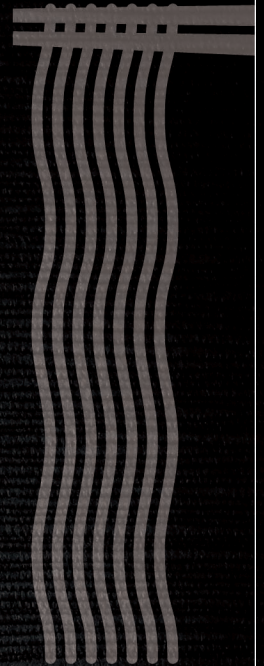

## ◀ TAO Tsukemen (for Red and Miso Tsukemen)

This is a thick noodle. Robust in flavor and firm to the bite.

## ◀ F-Nama Ramen (for Chicken Ramen)

This is a thin classic Tokyo style egg noodle. It pairs especially well with Soy Sauce  
and Salt based soup. Reminiscent of the classic Tokyo style ramen.
